Parentesi bedside table

Designer: Fabrice Berrux

The shape of Parentesi bedside table brings to mind a niche, a parenthesis that encloses within it two wooden shelves. With an unprecedented design, Parentesi bedside table is upholstered in fabric, leather or eco-leather and it is characterised by a simple style, enhanced by four buttons that are visible at the height of the shelves and equipped with a functional fairlead,

making it possible to place a lamp or another electronic device on the bedside table. Parentesi furnishes the sleeping area in an original and creative way, ensuring the utmost functionality and consistency of the design.
