

BONALDO

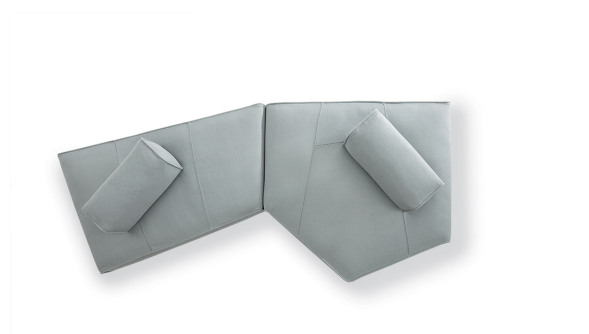

Tètra

Designer: Mauro Lipparini

The Tètra seating system is the ultimate expression of the aesthetic spirit running through Lipparini's creations for Bonaldo, with their contemporary design and evergreen detailing. The collection of soft furniture features rectangular, pentagonal and irregular-shaped elements which can be easily combined without limits, forming geometric shapes befitting the name of

the collection. The backrests - with their simple shaping - are perched atop the islands, making for a sofa that feels like a celebration of freedom, movement and new interpretations of aesthetics and comfort: Tètra is a sofa which can perfectly adapt to different functional and stylistic needs without losing its strong personality.
