

GEORGIA

CONTRASTI ED ARMONIE CONTRASTS AND HARMONY

Trova le radici nella tradizione artigianale, che vede il legno massello del telaio di spessore 24mm, protagonista assoluto. Georgia infatti coniuga il design lineare e contemporaneo al calore del legno, proposto nella particolare lavorazione spazzolata che rende l'anta materica, grazie alla venatura piacevole al tatto e da scegliere in molteplici finiture da abbinare fra loro. Per creare ambienti unici, per un nuovo concetto di abitare. Un progetto strutturato per adattarsi a diverse esigenze di arredamento; la cucina si amplia e diventa zona living, con pensili e librerie, per dividere gli spazi conservando armonie e praticità di utilizzo. Nel calore di essenze dalle tonalità preziose e ricche di fascino.

A model rooted in the artisan tradition, with the solid wood of the 24mm-thick frame being the distinctive element. Georgia blends a linear and contemporary design with the warmth of wood, available in a variety of finishes that can be combined. The special brushed treatment of the wood creates a textured door surface, thanks to the grain that is pleasant to the touch. For creating unique environments that redefine home living standards. A structured project that adapts to diverse furnishing requirements; the kitchen expands to become a living area zone—with wall units and bookcases—where spaces can be shared without sacrificing harmony and practicality of use. All wrapped up in warm natural wood finishes with their refined, captivating shades.

CARATTERISTICHE TECNICHE

ANTE E FRONTALI CASSETTI	intelaiate in massello di yellow pine spazzolato sp. 24 mm, con bugna impiallacciata yellow pine spazzolato nei colori: bianco neve (opz.212), bianco assoluto (opz.2190), noce (opz.2194), tortora (opz.2193), corda (opz.2192)

VERTICAL OPENING

ESTREMAMENTE FACILE DA UTILIZZARE

EXTREMELY EASY TO USE

GEORGIA

Grazie a **SERVO-DRIVE** basta una leggera pressione sul fronte con la mano o il gomito per aprire automaticamente le ante a ribalta.

Persino i frontali grandi e pesanti si aprono verso l'alto come in totale assenza di gravità. Inoltre, l'utilizzatore della cucina può godere di un accesso ottimale all'interno del mobile.

Thanks to **SERVO-DRIVE**, just apply light pressure to the front panel with the hand or elbow to automatically open the folding doors.

Even large front panels open upwards with a complete lack of gravity. In addition, the opening provides optimum access to the cabinet interior.

Chiusura comoda e semplice, assicurata dall'interruttore facilmente raggiungibile, montato sul fianco del corpo mobile.

Le chiusure delle ante a ribalta risulta così estremamente comoda ed ergonomica, mentre la rinomata funzione **BLUMOTION** garantisce una chiusura dolce e silenziosa.

Simple and comfortable closure by using an easy-to-reach switch fitted on the side of the cabinet.

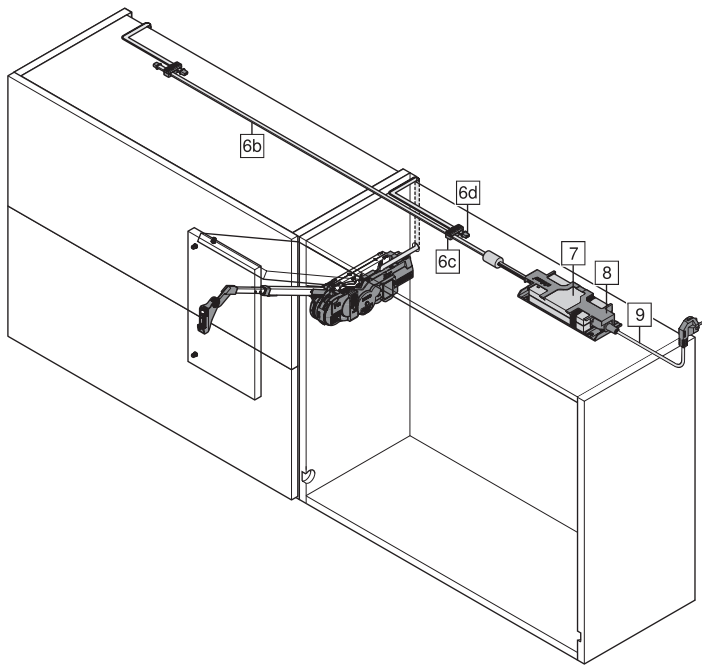

Closing the folding doors is so easy, comfortable and ergonomic. The renowned **BLUMOTION** function also ensures gentle and silent closing.

KIT TRASFORMATORE

POWER SUPPLY KIT

GEORGIA

Kit trasformatore composto da:
Power supply kit includes:

- 6b** Cavo di distribuzione lunghezza 8 mt
Power supply cable length 8 m
 - 6c** 1 Connettore
Connector
 - 6d** Protezione estremità cavo
Cable end protection
 - 7** Trasformatore universale per tutti paesi del mondo
72 W completo di supporto per il montaggio
Universal power supply worldwide,
72 W complete with mounting bracket
 - 8** Supporto trasformatore
Power supply mounting bracket
 - 9** Cavo di alimentazione elettrica UE
EU electrical power supply cable
- i** Per ogni cavo di distribuzione può essere collegato un solo trasformatore Blum.
Only one Blum power supply may be connected to each power supply cable.

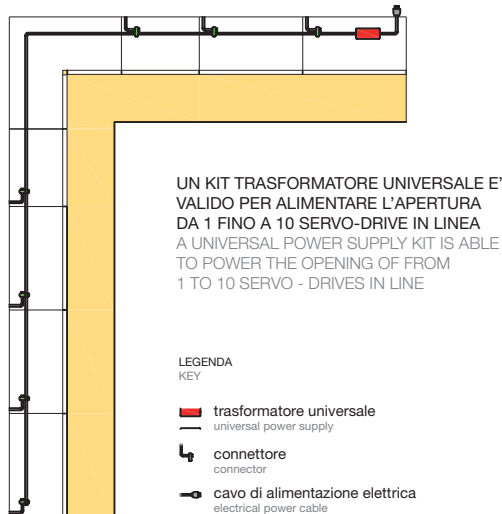

Per il meccanismo elettrico motorizzato SERVO-DRIVE richiedere sempre il kit trasformatore, codice 5615850 -
Un trasformatore può alimentare fino a 10 motori.
N.B.: si potrebbero verificare situazioni dove occorre utilizzare più di un kit trasformatore.
For the motorised electric SERVO-DRIVE mechanism, always request the power supply kit: code 5615850 -
One power supply can power up to 10 motors.
NOTE: in some cases one may use more than one power supply kit.

APERTURA VERTICALE OBLIQUA

I pensili con questo tipo di meccanismo necessitano per l'apertura di poco spazio libero sopra il mobile grazie al movimento basculante dell'anta che si apre senza difficoltà applicando poca forza anche in presenza di frontali pesanti. Con l'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata ed è possibile regolare la forza di tenuta in base al peso del frontale.

VERTICAL OPENING OBLIQUE

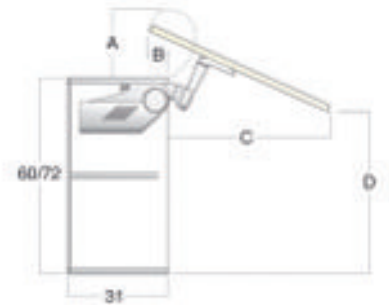

Wall units that mount this type of mechanism require little clearance above the cabinet thanks to the swivelling movement of the door that can be easily opened by applying slight pressure, even with heavy fronts. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned and the closing force can be adjusted according to the weight of the front door.

H 60	18	9,6	46,5	53,5
H 72	18	9,6	57	61

APERTURA VERTICALE

L'anta ad apertura verticale, potendo essere sollevata completamente verso l'alto, consente un accesso totale all'interno del pensile. Ideale per l'impiego in mobili a colonna per nascondere ad esempio apparecchi elettrici, o pensili con corpi mobili sovrastanti, ha la chiusura ammortizzata e la possibilità di regolare la forza di tenuta in base al peso del frontale.

VERTICAL OPENING

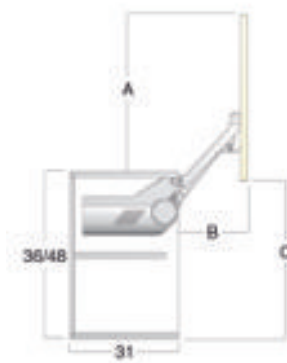

Doors with vertical opening movement can be fully raised to fully access the inside of the wall unit.
Ideal for use on column units to conceal electrical appliances for examples, or on wall units surmounted by mobile units.
The closing movement is cushioned and the closing force can be adjusted according to the weight of the front door.

PENSILE CON APERTURA ANTE A PACCHETTO

Il meccanismo d'apertura ante a pacchetto è idoneo sia sul pensile H 72 che H 96; la regolazione della forza di apertura può essere impostata in modo esatto in base ai pesi dei frontali, la chiusura è ammortizzata e la cerniera centrale clip si contraddistingue per l'innovativa tecnologia che garantisce la sicurezza per le dita.

WALL UNIT WITH LIFT-UP FOLDING DOORS

The lift-up folding door opening mechanism is suitable for wall units with H 72 or H 96; the opening force can be adjusted precisely according to the weight of the fronts, while the closing movement is cushioned and the central clip-on hinge features innovative technology for safeguarding the fingers.

Per evitare l'interferenza dell'anta in fase di apertura con cornici o mensole, si può richiedere il limitatore dell'angolo di apertura cod. 5620005

In order to avoid that the door interferes with cornices or shelves during the opening movement, it is possible to request an opening angle limiter: code 5620005

PENSILE CON APERTURA A RIBALTA

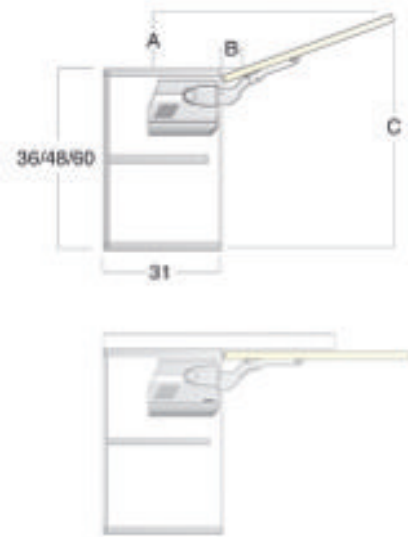

Le ante aprendosi verso l'alto consentono di avere un' ampia visione d'insieme all'interno del mobile. In questo modo è possibile un comodo accesso agli oggetti contenuti al suo interno e, dal punto di vista ergonomico, molto vantaggioso. La regolazione della forza di apertura può essere impostata in modo esatto in base al peso del frontale. Grazie all'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata e un'unica manovra è sufficiente per regolare il frontale tridimensionalmente grazie all'assenza di cerniere e al sistema di aggancio clip.

WALL UNIT WITH FLAP DOOR

The doors that open upwards guarantee ample overall visibility inside the cabinet. In this way, all objects housed inside the cabinet can be comfortably accessed, making the system highly advantageous from an ergonomic perspective. The opening force can be adjusted precisely according to the weight of the front. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned and a single manoeuvre is required to three-dimensionally adjust the front, thanks to the clip-on system and the absence of hinges.

Grazie al meccanismo TIP-ON, le ante a ribalta senza maniglia possono essere aperte semplicemente con un leggero tocco. Per chiudere l'anta a ribalta, è sufficiente esercitare una leggera pressione, che grazie ad una piastrina di bloccaggio, applicata sul lato interno del frontale, ne assicura la perfetta chiusura.

Thanks to TIP-ON mechanism, the flap doors without handles can be opened with a simple touch. To close the flap door, just exercise light pressure, thanks to the locking plate, applied on the inner side of the front panel ensures a perfect closure.
